DETAILED ACTION

Acknowledgments

1. This office action is in response to the reply filed on 6/18/2007.
2. In the reply, the Applicant amended claims 4 and 5 to obviate the 112(2nd) rejections and cancelled claim 6.
3. Thus, claims 4-5 are pending.

Allowable Subject Matter

4. Claims 4-5 are allowed.

REASONS FOR ALLOWANCE

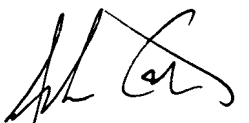

1. The following is an examiner's statement of reasons for allowance:
2. The subject matter of the independent claim could either not be found or was not suggested in the prior art of record. The prior art does not disclose or render obvious the combination as claimed specifically including a spring loaded retractable needle syringe having a central tube with an fluid flow aperture and having a needle carrier slidably housed inside the tube, the needle carrier having a that has an alignable flow aperture in fluid communication with the central tube aperture, the needle carrier having a retainer snap on its proximal end engagable with a retaining notch on the central tube to retain the needle in an exposed position, a hollow plunger in sealing engagement with the inner wall of the syringe body and outer wall of the central tube, and the plunger having a retainer release latch to be biased by a release cone on the proximal end of the center tube to release the needle carrier from its exposed position and allow the retraction of the needle carrier into the plunger under force of a spring.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
